## WORKSHOPS

### SESSION 1 - COMMUNITY.ORG (OUTREACH RESTORES GROWTH)

- New methods of reaching outward which can make a difference to those less fortunate and unchurched.
- Creative events i.e. working with gas stations and other businesses that offer discounts and returns to persons in the community.
- How technology can be advantageous in developing new marketing strategies

### SESSION 2 - MINISTRY.MIL (MEMBERSHIP IS LEAVING)

- New creative and innovative ways of reaching the community of believers and non-believers without compromising the gospel
- Restoration, Revival, and Retooling to attract members back to full engaged ministry
- How technology can be advantageous in developing new ideas to retain members and attract the unchurched believers

### SESSION 3 - WEALTH/LEGACY.BIZ (BELIEVERS INVESTING ZEALOUSLY)

- Ways of starting your own business, being effective, resources available, etc.
- Becoming debt free for legacy creation for future generations
- How technology can be advantageous to ministry and business in reaching every age group

### SESSION 4 - YOUTH/GENERATIONS.NET (NEW EQUIPPING TECHNIQUES)

- New and creative methods of reaching youth, young adults, adults and the elderly
- How we can come together, reach common ground so that no group is left out or feels unimportant. Understanding we are all in this together and needed to be recognized, utilized and considered in order for us to be successful.
- How technology can be advantageous to the ministry in reaching every age group

### SESSION 5 - CREATING KINGDOM BUILDINGS.GOV (GOD ORDAINED VENUES)

- How to prepare your ministry to expand, relocate, build spaces and places for the physical houses of worship
- Share knowledge on identifying property, acquisition and financing of real estate projects, zoning & land use, building & construction
- How technology can be utilized in design and building; drawing greater input and buy-in from your members

Rev. Marcellous Buckner, President
